1. Go to http://tilt.colostate.edu/learning/tutorialPrograms/artSciences.cfm for information on tutorial resources or visit the Learning Assistance Program (LAP) in the University Counseling Center for assessment of learning disabilities or study skills coaching http://www.counseling.colostate.edu/services/academic/learning-assistance-center/index.asp The PACe Tutoring Center in the Weber Building (Room 137) is staffed with graduate and undergraduate course assistants who provide walk-in tutoring for students taking the PACe minicourses. The tutors have been specially trained to help you learn pre-calculus mathematics. http://online.math.colostate.edu/

2. The Writing Center
   Eddy 6, 491-0222, http://writingcenter.colostate.edu/
   The Writing Center offers a free, confidential service with no appointment necessary to all writers within the CSU and Fort Collins community. Each session typically lasts about a half an hour. They also offer workshops through the semester.

3. International Student and Scholar Services
   Laurel Hall, 491-5917 http://wsprod.colostate.edu/cwis30/2007/ISSS/index.asp
   This office assists international students with problems they might face adjusting to a new culture. They provide counseling on immigration laws, housing, social events in the area, admissions and financial aid requirements at Colorado State University.

4. College of Engineering Tutoring
   Academic Village offers engineering study groups, free engineering tutoring and review sessions for exams! Tutoring Schedule for COE in AV 147:
   Sunday: 4 p.m.-10 p.m. Biomedical Engineering is featured
   Monday: 7 p.m.-10 p.m. Civil and Environmental Engineering are featured
   Tuesday: 7 p.m.-10 p.m. Chemical and Biological Engineering is featured
   Wednesday: 7 p.m.-10 p.m. Mechanical Engineering is featured
   Thursday: 7 p.m.-10 p.m. Electrical Engineering is featured
   Friday: 2 p.m.-5 p.m. Any discipline-no specific major

5. Take a reasonable course load. Be realistic about the number and difficulty of courses you can handle given your other responsibilities. Either register for fewer courses or reduce your responsibilities. Remember, you can discuss an appropriate course load for you with your academic advisor.

6. Students need to attend class and take notes, even if attendance is not mandatory. Instructors often test on material that is not necessarily covered in the book. Missing class means missing valuable information that you will need to know in order to do well on exams. In addition, listening to the professor and taking notes reinforces what you are reading outside of class.
7. University Counseling Center (CSU Health Network)  
Hartshorn Health Services, 491-6053,  
http://health.colostate.edu/CounselingServices/Index.cfm  
The University Counseling Center helps students achieve a satisfying growth experience during their time at the university. They offer counseling services, academic services, testing for learning disabilities, outreach, and prevention and substance abuse services.

8. DAY (Drugs, Alcohol and You) Program (CSU Health Network)  
Hartshorn Health Services, 491-4693,  
http://health.colostate.edu/HealthEducation/AlcoholTobacco/DAY.cfm  
The DAY Programs office consists of a wide spectrum of services designed to meet the needs of students who are facing issues related to alcohol and drug use.

9. Career Center  
Lory Student Center, 491-5707, http://career.colostate.edu/  
The Career Center offers workshops and individual counseling in career exploration and planning. By using the Career Center, students are better able to make effective career decisions.

10. Center for Advising and Student Achievement  
TILT Building, 491-7095, www.casa.colostate.edu  
CASA assists with major exploration and counseling regarding course and university withdrawals.

11. Student Financial Services  
103 Centennial Hall, 491-6321, http://sfs.colostate.edu/  
Student Financial Services provides information about financial aid and scholarship opportunities available to students. They also provide assistance with billing, student employment and tuition classification status.

12. Off-Campus Student Services/Resources for Adult Learners  
142 Lory Student Center, 491-2248, http://ocssral.colostate.edu  
OCSS/RAL assists students with living arrangements and transitions to living off-campus. They also assist non-traditional students with the transition and adjustment of university life.

13. Conflict Resolution and Student Conduct Services  
325 Aylesworth NW, 491-7165, http://www.conflictresolution.colostate.edu/  
Conflict Resolution provides assistance to students for any issue and to faculty and staff on matters with students including advice and referrals: problem solving assistance, coaching: skills and mentoring to help people solve conflicts on their own, and mediation: facilitated conversation between willing parties who are in conflict.

14. Civil and Environmental Engineering Mentors  
A203 Engineering, Tyler Lund, Cali Campbell, Hailey Guglielmo and Devin Blanch.  
Mentors are available to meet with students individually or in groups for tutoring, support in finding resources, understanding professors and struggles students may have in classes, etc.
15. **College of Engineering Student Organizations**

http://www.engr.colostate.edu/ce/organizations.cfm?Source=Current

We encourage all of our students to get involved! Students who get involved in engineering student organizations tend to be stronger academically. They connect with students in their own classes, upper-classmen, and potential employers. The ones that many civil and environmental students are involved in are: ASCE, Environmental Engineering Society, Engineers Without Borders and Society of Women Engineers.
