Overview

The mission of the ECE Industrial Advisory Board (IAB) is to assist in and foster the student experience and the growth of the Department of Electrical and Computer Engineering at Colorado State University.

Expectations of Board Members

• Act as advocate for the ECE department
• Provide input regarding curriculum plans
• Foster mutually beneficial relationships between the department and industry (e.g., research collaborations, internships, etc.)
• Assist with fundraising priorities, donor identification, and cultivation
• Participate in events and activities to benefit the department

Membership

• IAB members are selected based on their ability to contribute to one or more of the expectations stated above.
• IAB members are electrical and computer engineering professionals and industry leaders.
• Membership is personal rather than corporate, i.e., IAB members may not send “corporate representatives” to IAB meetings and functions.
• Nominations for the IAB may be presented to the department head by faculty, friends, students, alumni, and current IAB members.

Terms of Service

• New IAB members will be asked to serve a minimum of three years; terms commence with the first meeting following acceptance of the invitation to serve.
• Board members may serve on the board indefinitely, as long as their participation is beneficial to the department and their organization.
• IAB members are expected to attend at least one meeting per year.

Updated: February 5, 2014
Meeting Schedule

The IAB meets twice each year on campus, typically in October and April between the hours of 8:00 AM to 1:00 PM.

On occasion, task forces and/or committees may be formed to address an issue of strategic importance to the department. These task forces and committees may schedule work sessions in addition to the meetings of the full IAB.
