

**Title:** Temporary part-time instructor pool

**Employment Type:** Academic Faculty

**College:** Engineering

**Department:** Mechanical Engineering

**Salary:** Commensurate with experience

**Requirements:** The Mechanical Engineering Department hires temporary, part-time faculty from an applicant pool to teach Design, Dynamics and Fluid Mechanics courses. Requirements are at least an M.S. in Mechanical Engineering or closely-related field; previous teaching experience in a college of engineering preferred. Part-time salary range \$5,000 - \$6,000. Such instructors may be hired for fall, spring and/or summer semester in a given academic year. Applications will be accepted throughout the year. To be considered for early hiring decisions for fall semester or for a full-year appointment, if either are available, please submit applications by July 1, 2008. Applications received after July 1, 2008, will receive full consideration for all positions that become open after the application is received. Hiring decisions may be made during the late spring and throughout summer for fall semester, during fall semester for spring semester, and during spring semester for the summer term.

This pool is valid through March 1, 2009, at which time all applicants wishing to remain in the pool must reapply.

**Application Deadline:** 7-1-08

**To Apply:** Interested applicants should submit a cover letter and a resume/curriculum vita that details relevant university teaching and engineering experience and the names and addresses of three references who can speak to your teaching credentials to: Mechanical Engineering Department Instructor Pool, 1374 Campus Delivery, Colorado State University, Fort Collins, CO 80523-1374. Please contact Carol Sarantos at (970) 491-6559 with questions.

**Colorado State University is an equal opportunity/affirmative action employer**
