NOTE: In order to graduate, students must earn a minimum of a 2.0 cumulative GPA as well as a 2.0 minimum within the following areas: all AUCC courses; all math, science, and engineering courses. It is highly recommended that students review their Degree Progress Audit (DARS) at least once each semester in order to track their progress toward graduation. Additionally, most students graduate in 5 years. Students who plan to graduate in 4 years should anticipate summer courses in order to build a balanced schedule.
