WHAT I WISH I KNEW WHEN I CAME TO CSU

SEPT 5
4-5PM – LSC 372-74

As a new MECH Ram, there is a lot to learn about your new path. Current ME students share tips and strategies for how to thrive as a Mechanical Engineering major.

MATLAB WORKSHOP

SEPT 19
4-6PM – LSC 372-74

Arguably the most important program in ME, learn to tame the beast that is MATLAB and use it effectively in future classes!

MECH Projects & Labs Fair

OCT 17
4-5PM – LSC 372-74

Discover ways to enrich your academic experience by getting involved in research labs and project opportunities to make yourself more marketable for a prospective career or internship.

EDUCATION ABROAD PANEL

NOV 7
4-5PM – LSC 372-74

Choose your own adventure with an experience abroad. Learn from ME students about their abroad experiences and connect with an advisor to fit one into your grad plan.
