RESEARCH, TEACHING, AND CONSULTING INTERESTS

Physics and Engineering of Pool/Billiards and Bowling Equipment; High-speed Video Analysis; Engineering Education; Modeling and Simulation of Dynamic Systems; Mechatronic System Design

WORK EXPERIENCE

COLORADO STATE UNIVERSITY

1991-present

Associate Professor of Mechanical Engineering. Courses taught: Mechatronics and Measurement Systems, Machine Design, Introduction to Robotics, Advanced Dynamics, Engineering Design, Mechanical Engineering Problem Solving, Dynamics of Machines, Introduction to Computing, Introduction to Design and Manufacturing, Capstone Design, Engineering Economics.

- **Awards and Honors:**

ASME Fellow, 2007; ASME Distinguished Lecturer, 2004-2007; CSU university-wide Board of Governors "Excellence in Undergraduate Teaching Award", 2004; CSU Preston Davis Teaching Award, 2003; College of Engineering Abell Teaching Award, 1995; College of Engineering Jack E. Cermak Advising Award, 1994; Most Outstanding Mechanical Engineering Advisor Award, 1993 and 1994.

OFFICE OF TECHNICAL SERVICES, WASHINGTON, D.C.

1998-1999

Research and development of 3D scanning and rapid prototyping applications. 3D graphics software development. Design and development of mechatronic systems.

UNIVERSITY OF TEXAS AT AUSTIN

1989-1990

- *Adjunct Assistant Professor in Civil Engineering (1990).*

Courses taught: Computer Aided Design, C and Graphics Programming, Automated Equipment Design, and Construction Automation and Simulation.

- *Post-Doctorate Fellow in Civil Engineering (1989-1990).*

Worked with a team to develop an automated paint spraying system, and helped to develop a heavy lift planning and simulation system. Work involved interaction with construction industry manufacturers, equipment owners, and contractors including Grove, Dupont, Bechtel, Brown&Root, BE&K, Dow, and other members of the Construction Industry Institute.

MCGRAW HILL PUBLISHING COMPANY**1988-1989**

Developed and wrote steam table computer code for "Fundamentals of Engineering Thermodynamics," 2nd edition, by John R. Howell and Richard O. Buckius, McGraw-Hill, 1992.

WALK HAYDEL & ASSOCIATES ENGINEERS**1985-1986**

Project management support and database programmer. Worked primarily with project management and planning and scheduling for the DOE Strategic Petroleum Reserves (SPR) Projects.

COMPUTER LANGUAGES AND ADVANCED SOFTWARE EXPERIENCE

C, C++, Visual C++, HTML, WebCT, JavaScript, Java, BASIC, FORTRAN, ASSEMBLY, LISP, PASCAL, GL, OpenGL, MOTIF, PHIGS, GKS, CATIA, ProEngineer, SolidWorks, CADAM, CAEDS, ALGOR, NASTRAN, IDEAS, AutoCAD, MicroStation, VP-Sculpt, MATLAB, MathCAD.

EDUCATION**UNIVERSITY OF TEXAS AT AUSTIN****1986-1989**

Curriculum included all topics within the Mechanical Systems Area: Modeling, Robotics, CAD/CAM; and additional work in Finite Element Analysis, Operations Research, and Artificial Intelligence.

- PhD in Mechanical Engineering: December, 1989. Dissertation Title: "Automation of a Piping Construction Manipulator and Development of a Heuristic Application-Specific Path Planner"
- MS in Mechanical Engineering:, August, 1987. Thesis Title: "Multipulley Belt Drive Mechanics: Creep Theory vs. Shear Theory"
- **GPA:** 4.00 (4.00 scale)
- **Awards and Honors:**
 - Perfect score (900) on GRE Engineering Subject Test, UT Professional Development Award, University Post-Doctorate Fellow.

UNIVERSITY OF NEW ORLEANS**1982-1986**

- BS in Mechanical Engineering: May 1986.
- **GPA:** 4.00 in Engineering, 3.95 overall (4.00 scale), *Magna Cum Laude* graduate.

CONSULTING EXPERIENCE

- CueStix International (Lafayette, CO), development and design of cue stick testing technology and equipment, 2007-present.
- *DGA Engineering* (Fort Collins, CO), 3D scanning and mechatronics applications, 1999-present.
- *Sakura Enterprises* (Israel), pool simulator physics, 2006-2007.
- *Woodward* (Fort Collins, CO), high-speed video analysis of large hydraulic valve actuator, 2006.
- *Tetrad Corporation* (Englewood, CO), high-speed video analysis of ultrasonic probes, 2006.
- *Advanced Response Corporation* (New York, NY), high-speed video analysis of personal massage devices, 2005.
- *Able Software* (Lexington, MA), 3D surface modeling software, 2005.
- *McKinley Medical* (Denver, CO), high-speed video analysis of medical device assembly, 2005.
- *Waterpik* (Fort Collins, CO), modeling, analysis, testing of automatic toothbrushes, 2002-2004.
- *Visible Productions* (Fort Collins, CO), computer graphics modeling of anatomy, 1996-2002.
- *Foot Balance Systems Plus* (Miami, FL), acquiring and processing 3D foot scan data, 1998-2000.
- *Cyberware* (Monterey, CA), software for editing 3D digitized data, 1995-1998.
- *Wohlers Associates* (Fort Collins, CO), 3D digitizing and rapid prototyping applications, 1994-1998.
- *Oakley* (Irvine, CA), custom software for processing 3D digitized data, 1997.
- *Ultimetrix* (Columbus, OH), custom software for processing 3D foot scan data, 1995-1996.
- *Biographics* (Fort Collins, CO), computer graphics modeling of anatomy, 1994-1996.

PROFESSIONAL ORGANIZATIONS AND AFFILIATIONS

- Director, ASME Centennial Section, 1996-present.
- Head Judge, ASME Student Design Contest, District E (formerly known as Region XII), 1996-2006.
- Chair, ASME Board on Student Affairs (BSA), 2001-2002.
- Chair, ASME Student Sections Committee (SSC), 1998-2001.
- Member, ASME Region XII Region Operating Board, 1997-2000.
- Member, ASME Marquee Design Contest Committee, 1997-1999
- Member, ASME Student Design Contest Committee, 1993-1999.
- Senior Representative for Region XII ASME Student Sections Committee, 1995-1997.
- ASME Leadership Development Initiative (LDI) intern, 1995-1996.
- Chair, ASME Centennial Section, 1994-1996.
- Vice Chair, ASME Centennial Section, 1993-1994.
- Faculty advisor of Colorado State University's ASME Student Section, 1991-1995.
- Registered Professional Engineering in State of Colorado, 1993-present.
- Member of ASME, 1984-present; Member of ASEE, 1993-present.

PUBLICATIONS AND RESEARCH

- author of over 90 published technical papers and articles.
- PI or co-PI on 30 grants and contracts totaling \$2.9M
- co-author of Introduction to Mechatronics and Measurement Systems, textbook, McGraw-Hill, 1999, 2003, 2007.
- author of Introduction to Mechatronics and Measurement Systems Laboratory Manual, Kinkos, 2007.
- author of "High-speed Video Magic ... billiards and the world in super slow motion," instructional video DVD, DGA Press, 2007.
- author of "VP-Sculpt", software package for editing and sculpting of 3D polygonal mesh surfaces, Visible Productions (Fort Collins, CO), 1994-2002.
- editor and contributor, Online Video Demonstrations (video.demos.colostate.edu), High-speed Videos (high_speed_video.colostate.edu), and Mechatronics Resources (mechatronics.colostate.edu) 2001-present.
- author of The Illustrated Principles of Pool and Billiards, book, DVD, and website (billiards.colostate.edu), Sterling Publishing, 2004.
- instructional columnist, "Dr. Dave's Illustrated Principles", Billiards Digest magazine, monthly, 2004-present.
