

Dear Professors:

I am interested in hiring another Hydraulic Engineer for my Sedimentation and River Hydraulics Group with Master or Science or Ph.D. degree. I am interested a student who would graduate at the end of the Fall 2009 or Spring 2010 semesters. I would appreciate any recommendations of good candidates that you may have. The only requirement is that a candidate must be a U.S. Citizen.

Thanks,

Tim

Tim J. Randle, M.S., P.E., D.WRE.

Manager, Sedimentation and River Hydraulics Group

U.S. Bureau of Reclamation
