Homework & Exams

Homework Assignments:
- Preparing homework and quiz solutions
- Policy on late work
- Clearly print your first and last name, student ID number, and the lab session that you are attending on top of your homework answer sheet. Write with dark pencil and organize your solutions. Staple all loose sheets together.
- Turn in solutions to all assigned problems in the ECE 102 drop-box in the BC Infill, i.e. B106 in Engineering Building. Make sure to use the drop-box marked ECE 102. Homework is normally due at 4 p.m.
- Graded homework will be returned during labs. Students in Lab L01 will get their graded homework back during an L01 session. Students in Lab L02 will get their graded homework back during an L02 session, and so on. That's why it's important to write your lab session on your homework sheet.
- Your past homework, lab and exam grades are available via CANVAS

Homework:
- Homework 12
- Homework 11
- Homework 10
- Homework 9
- Homework 8
- Homework 7
- Homework 6
