Homework Instructions

- The deadline is rigorously enforced. Any work turned in after the deadline will be graded with zero
- Solve the problems in a readable piece of paper. Engineering paper is preferred (not required). If we cannot understand what you wrote, the homework will not be considered
- All homeworks are graded in a 0-100 scale
- Graded homeworks will be returned by the TAs during the labs
- Any doubt or concern contact your TA, your professor or come to the scheduled office hours
