CIVE 413 - Team Discussion
Case Study in Haiti

Pierre Y. Julien
Department of Civil Engineering
Colorado State University
Fort Collins, Colorado

Spring 2008

Example: Peligre Dam in Haiti
Demographic Expansion

Lowland Slash and Burn
Farming Hilltops?

Watershed Deforestation
Haiti River

Sedimentation Problems Can Be Important
Peligre Dam (sedimentation)

Hurricane Impact
Emergency Spillway Operation

Flood Damages
Citizens Blame their Government

Could this be avoided?
