

**ELECTRICAL AND
COMPUTER ENGINEERING
COLORADO STATE UNIVERSITY**

**Department of Electrical and Computer Engineering Teaching Assistant
Application**

To Apply: All candidates must email their application and resume (in PDF format) that includes all relevant work experience and any teaching or tutoring experience, to ece@engr.colostate.edu by the due date posted on our website. **Please note that *in person and late applications will not be accepted*.** Your enrollment plans **must** be finalized when you accept the position, so that funding can be applied accurately to the TA pool.

The position is hired per semester (4.5 months of pay) and is NOT guaranteed after the current semester. TA positions are fulfilled with a 10-hour (1/2) or 20-hour (full) per week position. Not all TA positions cover full tuition and fees, it is based on the TA contract type, though all TA positions are paid positions. You may be required to clock-in and out for your TA position depending on your contract type.

TA assignments are based on the needs of the course and departmental resources.

Dates of employment are as follows: Fall Semester: 8/15-12/31

Spring Semester: 1/1-5/15

You are expected to comply with or make schedule arrangements with the instructor of the course in advance.
