Old Business & Welcome

Welcome and Minutes

- Peter welcomed everyone. Ross Leopold offered to take minutes.
- The minutes from the April 12, 2022 meeting were approved and will be posted to the ESTC website by Kelley. These and other ETSC documents are available to ESTC members at the following:
<T:\Committees\ESTC>
If you are unable to get into this drive space, let Kelley know.

Old Business & Announcements

- UTFAB GPU proposal: Kelley reported that the University Technology Fee Advisory Board (UTFAB) will be voting on proposals this week and our GPU proposal is very strong.

- Final Meeting May 2: The final meeting of the year will be May 2 at 3pm in the Titan Computer Lab, Engineering B203. Bring your appetites because the meeting will feature pizza, drinks and dessert. A tour of the Scott Data Center will follow at approximately 3:45pm. If you want to join for part of this please do. Text Kelley if you want the tour but will be late and will come get you (970 223 4974)

New Business

FY22 Account

Kelley showed today's snapshot of the CFT account. ETS still has money to spend and some of it will be carried over to next year because the replacement cycles are different from year to year plus supply chain and production issues have made it hard to order and receive equipment in a timely fashion. The departments have spent down their allotments nicely but some still have funds. The account showed funds unallocated and Kelley explained that most of this will be used to pay off projects that previous years' ESTCs had voted on like the Scott building.

New ESTC Chair

Peter asked for nominations for next year's ESTC Chair. Ross put his name out and Peter will make a call over email for those not in attendance today. Voting will happen at our next meeting.

Next Meeting

Next ESTC meeting is Monday May 2 at 3pm in the Titan Computer Lab (Engr B203). Tour of the Data Center to follow.

Meeting was adjourned at 1:23pm.

Respectfully submitted by Ross Leopold with modifications from Kelley Branson
