RSVP is not required but greatly appreciated.

This interactive session will describe practices and institutional structures that allow for harassment, bullying and other hostile behaviors to persist and provide training in personal intervention strategies to protect and support targets of harassment. As a result of this session, participants will be able to: (1) recognize all forms of harassment, (2) understand the impacts harassment has on individuals and teams, (3) identify strategies for bystander intervention, and (4) provide resources to share for cultural change.
