Program: BME-CBE BME+CPE BME+EE BME-MECH BME Minor

Petition to substitute a course for a required course (e.g. MATH 345 for 340)

Petition to allow BME Technical Elective Petition to allow BME Broad Elective Other (pls explain)

Course name and number for review (e.g. BMS 400, Neuroanatomy through Clinical Case Studies):

Justification for this request. In 500 words or less, **describe clearly and succinctly** how the course you want to take is the equivalent of a required course and/or how it compares to the rigor and biomedical applications of the most similar currently accepted elective course. (Note: It is typically preferred that BME Technical Electives have at least 20 – 25% biology and/or BME-related content in them.)

Any other information we might find helpful as we review this request?

Please submit to your adviser: Brett.Beal@Colostate.edu or Chasen.Jackson@colostate.edu. Thank You!
